*"I am here to stop your heart,
I am here to make you think."*

In 1958 the great Abstract Expressionist artist, Mark Rothko accepts the richest commission in the history of modern art, to paint a series of murals for the Four Seasons restaurant in New York's prestigious Seagram Building.

Challenged throughout the process by his newly hired young assistant Ken, Rothko faces the possibility that his crowning fulfillment could be a pathetic sell out that will undermine his creative soul and become his ultimate undoing.
